

Dear Sir or Madam; I'm writing to you about Indiana's do not call list. I'm so much in FAVOR WITH OUR DO NOT CALL LIST. As someone that goes to bed at weird hours; I would get up to 15 calls before 10:00 p.m.. All this calls where telemarketers; it is pretty hard to get up at 1:00 a.m. on those nights. Now since I sign up on the NO CALL LIST; I get zero calls when I in bed. Please Sir or Madam, think about what The Banks want to do now. I would not get any sleep again. It is really hard to sleep with your phone ring of the hook. If I turn off my ringers; how would I know if there is a family problem. Please Sir or Madam, I really love my quitness; when I need to sleep. Thank you for your time; and have a good day.
